RE: Oxnard Properties Trust Alterations, 18CDH-00000-00026

Two minor modifications have been made to the project plans in response to feedback from the neighbor to the north:

- The strawberry trees have been removed from the landscape plan.
- A roof enclosure has been added to the structure surrounding the generator.

The attached plan sheets reflect these changes. No changes to the Findings or Conditions of Approval are required in response to these changes.
